STAFF NEWS:

Some illness has affected a few of our friends. Mr. Winsor Ireland has been in the hospital for some tests. Mr. Borlen has recently had eye surgery. Volunteer Norma Harmon has had to care for some grandchildren due to an auto accident suffered by their parents. Volunteer page, David DeGraff, reported that his mother had an operation this month. At one point the family was worried but now she is doing fine. Best wishes go to all of these for quick recoveries.

PROGRAMS:

Mrs. Fulford reports that about 109 children are registered for story hour. This is only about 10 less than last year.
Saturday morning films are averaging about 34 attendance (-6)
Volunteers in attendance at the January volunteer meeting was 5. 10 persons attended the first book review series. Special Loans: 16mm projector 3, 8mm projector 0 (-5) Filmstrip projector 2 (+2) Filmstrip loans 4 (+4)

OTHER:

1. The mini-prints have been put out for loan and publicity has been circulated on them. New large framed prints have been ordered for 1971 grants. We are not accepting a large number of these this year. We have 10-15 still on order that have not arrived and space will be limited to house them. We only ordered about half of the number we could have purchased. Some of our pictures will be "swapped" in a trading session with other libraries soon.

2. A new set of original paintings is in the library by local artist Rodolfo Sicilliano.

3. After further talks with Mrs. Fulford, it was decided not to order the proposed folding screens for the children's section. Alternatives have been worked out that seem to be satisfactory. We thank Mrs. Ireland and Mr. Borlen for their help with this matter.
4. Hobby Show plans are progressing well. Mr. Nudd reports almost all of last year's exhibitors are signed up and a few new ones also have registered. Newspaper publicity seems to be better than last year, also, and this may increase attendance even more than previously.

5. I have learned that the Churchville-Chili school library is now open on Monday and Wednesday evenings. It will be interesting to see the development and evaluation of this program. It could have some effects on our business.

6. A booklist on Narcotics was prepared this month for the new Chili drug council. A copy is presented for your inspection.

7. Mrs. B.J. Connors has informed me that the Library Cadet program will be available again for this year. I would suggest we seriously consider obtaining another cadet this summer. Although, Mrs. Fulford is now on our staff, the extra help a cadet can give may make our summer programs that much more efficient and helpful.

8. After conferring with Mr. Moore, it was decided to ask our local churches to send us a copy of their publications referring to church and community events. These items can become valuable sources of local history material in the future. We will decide whether they should be kept indefinitely or not, after we have received some of them for a while.

9. A grant of $150 is available for LARGE PRINT BOOKS, hobby books, or automobile books. We decided that we did not need more large print books at this time so we would save this amount for the later lists on hobby and auto books.

10. From Mr. Hacker's reports:

The Pioneer Library System has received a Federal grant to purchase 5 Television video-tape recorders, television sets, and 100 tape libraries. One of these sets would be in each county library system headquarters. This new service may in the future have wide implications for even the smallest library as these cartridge taped systems will be financially feasible for all. A folder is presented on what I think is the system they will be purchasing.

Library materials circulation in the MCLS increased 5.3% in 1970. Our library increased 13.2% placing us number 2 in percentage gainers.

11 community libraries now have copying service as of the first of this year compared to 6 in 1970. (720 copies made here in January)

11. Available for your inspection is a new form for reporting circulation and library activities to the system. We have added some additional items on the back to help us keep figures for annual reports more easily.

12. A box with literature on drugs has been placed in the library. The Churchville-Chili drug council is keeping it supplied with pamphlets for people to pick up. As it takes up only a small counter space (in the YA section) and is not a "regular" display I was sure there was no need to consult with the board on this.

13. Rotating books retired, and added to our collection, equal 12.

It was most unfortunate for us to learn that deaths have affected some of our present and previous staff. The mother of Laura Wood, one of our pages, passed away and likewise the mother of one of our previous pages, Patti O'Connor. We also learned that Patti has recently been married.

Our page Barbara Stein was selected salutatorian of her graduating class. Volunteer Mrs. Phyllis Johnson and her husband were interviewed in the "Kodakery in regard to their collection of Antique Music Boxes. Volunteer Mrs. Eleanor Borlen has consented to sort through our back publicity items (newspaper clippings, flyers, and photographs) and to arrange them chronologically into a history of the library and to continue to add to this notebook.

1. The Friends will have their annual meeting on May 4th at 8:00 p.m. The speaker will be Mr. Bob Penrod of radio station WHAM. He will give a slide presentation on the railroads of Rochester, their past and future. This program was developed as part of Transportation Month for the Monroe Co. Sesqui-Centennial.
2. We have been informed by Baker & Taylor (our largest book dealer) that they will now be charging us $.06 per book shipping as they will no longer absorb shipping charges.

3. RPL has announced their summer cut-back in hours. They will be closed Saturdays beginning June 12 through Sept. 4. In addition all of their branch units will be closed two evenings a week. We will discuss our summer hours at the next meeting.

4. Our formal request for a cadet this summer has been submitted and there should be no problem obtaining one for us. Next summer, however, this program is definitely not going to be available.

5. For your information: (From Mr. Hacker's April report)
The distribution of grant programs throughout the county, (outlined in the policy you are considering tonight) is as follows: Of the 34 community libraries:

- 32 will participate in the 8mm reel program
- 30 will participate in the cassette tape program
- 29 will participate in the children's story cassette program
- 5 libraries will participate in the 8mm loop program, one more joined the previous four.

The EVR (electronic video recorder) program, funded by the federal government is being reviewed with two of the five units resting in Monroe County. They will be used for demonstration purposes and can be used by any of the libraries. They will not be loaned to individuals.

6. Here is some information, in which you might be interested, concerning the problem of the Gates-Chili school district re-scheduling. The map on the wall outlines the four school districts in Chili. Although not the largest, Gates-Chili does have a higher concentration of population. The blue dots indicate the approximate location of the library borrowers who filled out our A-V questionnaire in October. Over half of those are in the Gates-Chili area.

In addition, we took an informal poll for about 2 weeks and discovered that of all the students that came into our library, Gates-Chili students outnumbered the others about two to one. Church-Ville Chili was next with the parochial running a close third and Wheatland was almost nil.

This information is submitted to show that whatever requests are made of us by the Gates-Chili school district they may be valid and worth considering because of the number of those people that we serve.

7. April 18 through 24 is both National Library Week and Conservation Week. Displays are in the library commemorating both events.

8. The artist of the month (April) is Mrs. Dorthea Melin of, 118 Renour Drive.

9. I had neglected to mention in last month's report that Feb. 1971 had a record circulation of 10,421 beating out March, July and August 1970 which were all over 10,000.
10. For your information: The Chili Garden Club will hold a Flower Show in the Town Hall May 15, 1971 from 1:30 to 5:00 p.m.

MRS. FULFORD'S REPORT:

The Spring story hours are past the halfway mark now, and although the overall registration was low, the attendance at individual sessions has been consistently high. (There are four groups of 4-5 year olds, and one group of 3 year olds. Multi-media are still being used to present stories, and the older children have responded well. The younger ones, however, are best reached by telling simple stories with large illustrations.

The Mini-Masters were introduced both to parents and children at the story hours. (Beatrix Potter's "Mouse in Mop Cap" was used.) They seem to be popular, perhaps more with parents than the children initially. The prints are displayed on a small bulletin board in the children's section. The first few weeks they were part of an art book display which attracted favorable attention.

Much time recently has been spent on planning for the summer programs. There will be the usual play-ground story hours, the pre-school session in the library, and the reading club for older children. Some ideas have been taken from previous years. Hopefully, there will be a cadet to assist with some parts of the program.

We have had visits from some nursery school groups. An attempt was made to introduce them generally to what things are available in the library for children. Objects, such as a filmstrip, a record, a picture book, were placed on a round table and discussed. One group was given a story using the flannel board.

Saturday morning film attendance averaged about 25, about 15 less than last year at this time.

Director
MINUTES OF THE CHILI PUBLIC LIBRARY BOARD OF TRUSTEES REGULAR MEETING March 9, 1971

The meeting was called to order by Chairman Mrs. Ireland at 8 P.M. March 9, 1971.

Present: Mrs. Ireland, Mrs. Wickins, Mr. Moore, Mr. Brown, Mr. Dobbs, Librarian and Mrs. Henderson.
Absent: Mr. Borlen.

The minutes were approved as read.
The Librarian's report was accepted as read.
Mrs. Ireland acknowledged a 'thank-you' letter from Mr. Dobbs in appreciation of the salary increments received by the staff.
There was some discussion regarding the letter from the Farmingdale Public Lib. It was decided more information might be available after a discussion with a Representative of the Trustees Foundation.

Mrs. Ireland felt that a 'thank-you' letter should be sent to the 'Friends of the Library' committee (Mr. Nudd, chairman) for their effort on behalf of the Hobby Show.

Mr. Moore moved, Mr. Brown seconded a motion that a letter be sent to each hobbyist exhibiting at the show, from the board of trustees, expressing appreciation for their participation in this annual affair, and stressing the importance of this event and what it has done to benefit the library growth and publicity. **MOTION CARRIED.**

A special 'thank-you' note should be sent to Mr. Sidnay Bowman from the Trustees for his donation to the library of the rear projection screen.

Mr. Moore moved and Mrs. Wickins seconded a motion to pay bills on abstract #3 page 1, items 26 through 34, totaling $441.77. **MOTION CARRIED.**

The trial balance was accepted as presented.

Mr. Brown deferred the report on page personnel until next meeting.

Memorial Fund report was read to the board. (Exhibit #2).

The library has an opportunity to purchase a second hand slide projector (carrousel) which had been recommended by Mr. Robert Nudd. Cost: $65.00. Mr. Moore made a motion, seconded by Mr. Brown that Mr. Dobbs be authorized to purchase this projector with money from the Memorial Fund. **MOTION CARRIED.**

Mr. Brown made a motion, seconded by Mr. Moore that Mrs. Fulford be paid mileage for the book-meeting and framed-print exchange that she and Mrs. Henderson attended March 10, 1971. **MOTION CARRIED.**

Policy will be discussed when an outline of Grants is published by MCLS.

Mr. William Kelly, county legislator, has recommended that all libraries be given a copy of the Monroe County Budget book. The Board felt it would be worthwhile to lend Mr. Kelly moral support in appropriating this book. A letter will be sent to him expressing our support.

The April meeting will be held on the 3rd Tuesday-April 20th, since the second Tuesday falls in Easter week.

Meeting adjourned at 10:00 P.M.

Respectfully submitted,

Bertha Henderson, Sec. Pro-tem.

Two Parkminster nursery school groups visited the library this month.

1. On "Gifts" list attached to file copy of this report, it should be noted that Mr. Sid Bowman has donated a rear-view screen for our use. Also, a gift of up to $25 for books, from a prepared list, was given by the local Republican Club.
2. With Mrs. Howl's absence, the library was "straightened-up" by some of the library staff. However, for one day, we will be hiring a person to clean since the hobby show left us in great need of a thorough cleaning. The Town is using this person also and it will cost us only about $10.00.

3. Because of extreme weather conditions on March 4th, Mr. Kent suggested at 2:00 p.m. that the library close and all staff leave immediately. This closing did not affect any personnel requiring board action on payroll.

OTHER:

1. The Friends annual meeting May 4, was attended by about 65 persons. This was a very good attendance compared to other programs. We are pleased it was so well received.

2. Summer programs will be the same as last year with pre-school story hours, summer reading club (for 4th, 5th, and 6th graders), and the playground story hours.

In an effort to reach some of the people who may not have come into the library before because they were somewhat remote geographically, we will run a miniature "bookmobile" service which will be in connection with our playground story hours. Since we have to be at Clifton, Hubbard and Ballantyne Parks anyway, we will take along some adult books that may be borrowed there at the playground.

3. I will be glad to discuss with the board the contents of the meeting I attended at Gates-Chili High on April 20, 1971. I do not need to go into detail here but I can simply state that I do not feel there is any reason for us to be greatly concerned with their schedule change nor do we need to make any kind of alteration in our schedules because of it.

Mrs. Dumbleton, will be gone same as last summer, possibly working 8 hrs per week and substituting for vacationers.

Mr. Dobbs, additional vacation when it is possible.

5. We have been informed, officially, that we will be receiving a library cadet.

6. April was another record circulation month having a + 54 over February 1971.

Mrs. Fulford's report:

At the last children's Book Meeting, April 28, 1971, we were given information on two new A.V. programs. Chili is participating in both. One is the MCLS Rotating Story Cassette Programs. During the months of June and December we will have 20 tapes and one battery operated player to use in the library. Unfortunately, these happen to be months when we have a break in our programs for children. We are going to try to do something about this so that we'll have the opportunity to use the story tapes with groups of children.

The other program is not yet fully set up. Participating libraries will receive 100 films, a color T.V., a teleplayer, and facilities for housing them on a rotating basis. The materials are expected to arrive by late May and a schedule will be planned.

This program is merely for demonstration purposes and is not an individual grant or meant to be loaned.

REGULAR MEETING OF THE BOARD OF TRUSTEES OF THE CHILI PUBLIC LIBRARY April 20, 1971

The meeting was called to order by Chairman Mrs. Ireland at 7:30 P.M.

Present: Mr. Borlen; Mr. Moore; Mrs. Wickins; Mrs. Ireland, Chair; Mr. Criddle, Town Liaison; Mr. Dobbs, Librarian; Mrs. Henderson.
Absent: Mr. Brown.

Mr. Moore moved, Mr. Borlen seconded a motion to pay the bills on abstract # 4 items 35 through 58, amounting to $1371.14. MOTION CARRIED.

Mr. Dobbs was excused from the meeting to attend one at the Gates-Chili School.

The Librarian's report was tentatively approved.

The report of the Memorial Fund was reviewed. Copy is attached.

Mrs. Fulford's probationary period was reviewed by the Board and Mr. Borlen moved, seconded by Mr. Moore, to increase Mrs. Fulford's salary 20¢ per hour (from $3.60 to $3.80), starting with payroll #10. Her hours are to remain the same. MOTION CARRIED

It was decided to postpone a review of policy concerning the pages until the next regular meeting.

Mr. Moore moved, seconded by Mrs. Wickins that the policy as outlined April 20th be adopted with the following change: "EMERGENCY CLOSINGS AUTHORIZED BY CHAIRMAN OF THE BOARD OF TRUSTEES". MOTION CARRIED

Mr. Borlen reported that insurance on library materials had been increased to $50,000.00 as authorized by the Board.

A motion was made by Mr. Moore, seconded by Mrs. Wickins to confirm purchase of an 8mm projector for the sum of $65.00. MOTION CARRIED.

This will correct a motion in the March 9th meeting authorizing purchase of a carrousel slide projector for $65.00. Any further requirement for a slide projector will be taken up with the Board.

Mr. Moore and Mrs. Ireland reviewed with the Board a project to be considered by the "Friends of the Library" to attain slides, pictures, or photographs of pictures to make a collection of historical pictures of the Town of Chili.

The Board expressed agreement that this was a worthwhile project, but found formal approval could not be made until further information is obtained regarding release forms, physical area required in the library and costs, if any that may be involved.

It was noted that in the Librarian's report for April that volunteer Mrs. Eleanor Borlen had consented to sort through the publicity items and photographs and arrange them chronologically and add them to a notebook. Motion made by Mrs. Wickins, seconded by Mr. Moore to procure a notebook, similar to the Memorial book, to hold this collection of clipping, etc. MOTION CARRIED.

The Chairman reminded the Board of the meeting of the Friends of the Library to be held May 4, 1971, and requested hopefully that all would attend.

Next regular meeting Tuesday May 11, 1971.

Mrs. Ireland and Mr. Borlen representing the Board met with the Chili Business Group Monday May 10th to discuss the results after six months trial of the 720 Xerox machine. Xerox representatives also were present. It became quite apparent that it is virtually impossible at this time to generate enough copying for the Business Group to break even on this equipment. They are currently running in the red up to approximately 100 per month, which would mean that the usage of this machine would have to more than double. Although they have not formally advised us, we believe they will remove it. Mr. Whelpton expressed appreciation for the fine cooperation received from the Board and Staff, and felt everything had been done that could be to make a success of this venture.

Mrs. Fulford reports that she and our cadet are very pleased with the turnout for the Reading Club. All of the children seem to be most interested and respond with enthusiasm. The playgrounds, also, have been well attended and the children look forward to the visits.

Response to the books for adults at the playgrounds has been nil but part of this we feel has been due to publicity problems.

Mrs. Fulford, also, visited two elementary school classes at Paul Road school. She told them of our summer programs and read a portion of a book for them. One class was a 5th grade class and the other a combined group of three fourth grades. She was most distressed to discover that the fifth grade group had NEVER BEEN READ TO ALL YEAR and they were so attentive and fascinated with the presentation that it is our opinion that more such visits to schools should take place.

OTHER:

1. In answer to a question at last months meeting: Mr. Palguta's state aid for recreation was cut (or the amount eliminated) in the amount of about $3,000. However, they are able to continue with their scheduled programs at present.

2. A last minute and very brief meeting, was held with city recreation people and librarians in regard to legal policies in handling abusive or unruly patrons. The only thing concrete from that meeting was that
continually abusive patrons CAN be removed from the library even with a reasonable amount of force, if necessary. You CANNOT refuse admittance to someone, because your building is a public building. If trouble results then they can be removed.

It is hoped more reliable guidelines will come soon from the MCLS committee that is studying these problems.

3. The staff recently evaluated a set of guidelines for a uniform circulation policy for all of the MCLS libraries. The guidelines were a set of suggestions for uniform policies on such things as length of loan, renewals, fines and maximum fines, I.L.L. of prints and sculpture, reserve charges, etc. We sent our comments on them, we did not agree with all, and when the committee submits their next proposals we will then discuss our evaluation with the board for possible action.

4. For your information: Possible activities that the library can do to help with thesesquicentennial as suggested by the Sesquicentennial Committee.

Prepare exhibits around local history theme.
Encourage reading history of early Chili.
Depict work and hardships of early settlers.
Color slides, pictures, photographs, maps, roads, ships, stores, clothing, tools, transportation, homes, farms, schools, churches early settlers, etc.
Work with historical group, schools, old photos, etc.
Taped interviews(sound) with old time and aged residents with stories and descriptions of past.
Show in topo map, parks and streams in future for Chili.

5. The publicity notebook for the library is being worked on a present. Mrs. Borlen has gone through many of the clippings and pictures that we had and has sorted them. Mrs. Ireland will sit down with me soon to finish off the chronological arrangement of the books, as well as to fill in any missing items, and it is hoped that it can be completed before fall.

6. The new "Artist of the Month" is Mrs. Hazel Allen.

STAFF:

Mrs. Henderson has returned from England where she and her husband had a most enjoyable two weeks. She said it was "wet, but wonderful".

Robin Kenyon, page, is spending the summer in Germany with a German family. Her mother reports that she is having a most rewarding experience there.

Volunteer page, Carol Simpson, is also in Europe this summer, with her mother.

Mrs. Morgan's husband has been transferred to the Syracuse area and although he commutes for the week there is a possibility they may be moving. Their home is for sale, however, Mrs. Morgan will stay here until it is sold.

PROGRAMS AND SERVICES:

From Mrs. Fulford: "A full report on the summer programs is being written, but briefly: the reading club and playground story hours went well. Attendance was higher than last year, and the children's enthusiasm was catching. The pre-school story hours were not as well attended as during the school year. I would suggest that next summer we hold one session earlier in the day, so as not to interfere with other activities.

Debby Repko's help was greatly appreciated."

Copier: 575 copies.

OTHER:

1. A "sculpture swap" was held at the July book meeting and we obtained 3 new pieces. New sculpture has arrived from our latest grant, also, but will not be added to our collection until bags and cards arrive.
A complete listing of all of our sculpture and our framed prints is now being printed.

2. July again showed a record circulation. THIS HAS BEEN SOME YEAR! First, Feb. was higher than any other month in any year, then April beat Feb., and now July has surpassed April. It was interesting to note; 1) that the highest DAY occurred on the exact same day as last year, the third Monday of July and 2) that the circulation for that day (863) was more than the entire first week when the library began 9 years ago. This shows outstanding growth.

4. Fall programs have been planned and printing of publicity is in progress. The same programs are planned: pre-school story hours and Sat. morning films for elementary children.

A full year of activities for volunteers has been planned, also. On Sept. 9 at 10:00 a.m. we will have a tea for new and returning volunteers in the library. Publicity will be distributed in early September for recruitment of new volunteers, both men and women.

The Friends program has yet to be finalized but I hope this will be done before the end of the month.

5. The "Artist of the Month" for August is Mrs. Martiel Coman.

6. In your boxes is a "mini-questionnaire" that will be distributed over the next several weeks. Some of our patrons have expressed interest in magazines which we do not carry so the questionnaire is designed to get some additional opinions from our community.

OTHER:
1. In regards to a question about a "Metropolitan system" take-over of county libraries; Miss Ryan from MCLS was in to see me during August and this matter was discussed.
   It was her opinion that this type of take-over will be non-existent in our lifetime. Although similar take-overs are occurring in other areas such as highways, etc. it will not happen to libraries. We should consider ourselves, for the most part, self-sufficient.
   It was further discussed that we should not plan a capital fund program for at least five years. The next five years will show us where our community will be by 1980 and what will be happening around us. It was suggested that we bring our current building to maximum in service and materials, and meet those appropriate standards required.

2. To date we have recruited about nine adult volunteers with the possibilities of a few more. Even so, coverage in the evenings is very weak. During the daytime, however, we should be very well covered. Mrs. Fulford will be holding a training session for these new volunteers on Sept. 16, 1971.

3. We reported last month that we would be having the same story hours as before. This was not entirely correct. Because of the lack of volunteers it was decided to have one less session. However, we hoped to be able to serve the
same number in other sessions. Of the new volunteers, only I could probably
take over a story hour so we will re-instate that session if need is indicated.

4. Another film circuit program is planned for October. The theme is, "Fiction
and Fantasy Features". It will include feature length films including old
favorites such as Laurel and Hardy.

5. The cassette tape player has arrived per our system grant. It is available for
your inspection. This player will be housed in our A-V section and will not be
loaned. The tapes should arrive in about three weeks. These will be loaned on
a similar basis as the 8mm film collection. They will rotate between libraries
also, with about 50 tapes in each collection; some spoken and some musical.

6. An evaluation of our local history section, concerning Rochester and Monroe Co.,
shows that we have a very good collection of materials. A checklist came
from MCLS and we discovered we had most on that list. A few items have been
ordered, a few supplied by MCLS, and the others we did not feel we needed be-
cause of the cost (they were out of print and expensive to find.) But looking
at the whole list—-we have a very good collection.

7. Mrs. Holman, Gates Library Director, and I have been talking for over a year
about the possibility of getting the Gates-Chili News on microfilm in order to
preserve this local history record. We have learned that Mr. Smith, editor of
the paper, has started to do this and we could get copies for about $12-15 a
piece. He would be willing to let us use his copy, most especially if some
kind of indexing service could be arranged. I have three volunteers, at
present, who would be interested in such a project and it is hoped that this
can be accomplished.
Mrs. Holman and I will talk with someone from MCLS later this month about
the feasibility and complexities of such a project.

8. We have received un-official notice that both the Chili and Gates libraries
will be receiving complimentary memberships in the Gates-Chili Chamber of
Commerce. We are very pleased at this for it gives us the opportunity for
mutual communication that was not present before.

The Librarian's report was tentatively accepted as read.

Mr. Brown made a motion that the Board accept the proposed budget (based on actual need) in the amount of $54,181.00, and after review, that the Town adopt this proposed budget. The Board felt the proposed budget was necessary to operate the Library for 1972. Seconded by Mrs. Wickins.

An amendment to the FINES procedure was tabled until the next meeting.

It was agreed that the Library should be open more hours in the fall to expand the open hours to each week-day night. Further discussion will take place at the next meeting.

There was a discussion of Capital Funding, and it was decided there should be serious investigation into this matter.

During recent rains, new leaks were discovered in the ceiling of the library. Concern was expressed that repairs should be made by the contractor, and Mr. Borlen should be notified to this effect.

The new Film Loop Projector is available and should be loaned on the same basis as the Film Strip Projector. On a 24 hour loan, to groups or to adults, 25¢ per day fine.

A new listing of the active volunteers, staff, board, and Friends' officers is in your mailbox. You may wish to make note of the Director's new address in North Chili. Volunteers new this year have a double asterisk by their names.

PROGRAMS AND SERVICES:

The "Friends" program for the year is available. Please take note of their activities. The first major program is on October 19 at 8:15 P.M.

Special loans: 16mm projector - 0; 8mm - 4; Filmstrip - 3; Loop - 1; Filmstrip loans - 4; Loop films - 3.

OTHER:

1. After discussion with Mrs. Holman, from Gates, and Mrs. McGuire, the Informational Materials consultant at MCLS, it was decided that it would be very impractical to try to index the Gates-Chili paper. It is not necessary to detail the discussion, however it was suggested that one might wish to, for current-local-history problems, clip the papers.

2. Local history materials have been received from MCLS to strengthen our collection and are available for your inspection.

3. If you have not received notice of the area wide trustee meeting on October 23, please check with me. I would urge all of you to attend. Little opportunity is offered for MCLS member trustees to communicate with each other and I hope it can create better understanding between all of us.

4. Meadowbrook Farm apartments in North Chili is one of the users of 16mm I.L.L. films. They are having film showings for children on Saturday afternoons. As a resident I have been able to help them with this, and a Young Adult program may be planned soon. It also offers an excellent opportunity for a library extension program.

A complete review of Materials Budget was made by the group and assurance was given that we would not exceed the 1971 budget. Mr. Dobbs is to submit a written report at the next Board meeting on the details of handling the budget, for final approval of the Board.

It is very necessary that a clear picture be obtained of the distribution of funds of the Materials account to make sure that particularly the children's account has adequate funds, and they are distributed correctly.

PROGRAMS & SERVICES:

All programs for children and adults seem to be very well attended this fall. We will give more detail on our next report.

Special loans: 16 mm proj. - 8 (+70); 8mm proj. - 8 (+2); Filmstrip proj. - 8 (+1); Loop proj. - 1 (+1); Filmstrip loans - 20 (+2); Loops - 19 (+19); I.L.L. Films - 7 (+7).

OTHER:

1. Among the visitors to the library this month were Girl Scouts from St. Pius School.

2. Publicity has begun on the Friends Slide program and we may be receiving some items this week.

3. In answer to the question about the number of direct orders and the frequency of dealers;
   From January 1970 to October 1971, only 47 direct orders for materials were sent. Only 13 dealers were sent orders more than once and none of them more than 3 times.
   Of those dealers, only 17 of them are likely to occur again, and 16 of them are no-discount A.V. or reference book dealers.
   Therefore a list of dealers with their discounts is not needed as we do not do continuous dealings with the same suppliers.

4. Magazine questionnaire results: The return of the questionnaires was poor with only about 58, or about 20%, returned. The most popular magazines reported were: Time, Seventeen; then Today's Health, Reader's Digest, Newsweek, National Geographic, McCall's, Ladies' Home Journal, and Better Homes and Gardens.
   The suggestions for new magazines were even less, with the following two magazines receiving the most comment; Cosmopolitan and American City.
   This was not sufficient for the staff to use for changes in the periodical collection. Any changes will be made purely on staff evaluation and "observed" use of magazines or requests.
   A few are available for your inspection that contained additional comments.

A letter from the State of New York Dept. of Audit & Control dated Nov. 8, together with audit report covering periods Jan. 1, 1968 through Dec. 30, 1970 was noted with considerable satisfaction. Due to the curtailed sessions in the school the children are not in school all day and have restricted use of the school library.

The Fiction and Fantasy Fratures film program was attended by about 158 or an average of about 31 each program. This was an excellent attendance. The Children's Film Series on Saturday morning showed an total attendance of 258, also very good. The extension of these programs through Meadowbrook apartments saw an even greater attendance of 276, thereby more than doubling the number of children served through these films.

Please take note of the Director's new phone number 594-4114.
Volunteer Evelyn Isaac had minor surgery, but should be home now.

OTHER:

1. The Chili Business had the Xerox machine removed but a cheaper model is on order, so that we will have a coin-operated copier again soon.

2. The Volunteer Workshop held on November 18 was most successful. Almost all of the desk volunteers were in attendance. Mrs. Ireland expressed thanks to the group for their great help and presented a short discussion and slide show on the Local History slide project.

3. If you will note in the "gifts" report, a small daylight screen was given to us for our A.V. section. This is made of a scrap piece screen and we are trying it as an alternative to the home-made screen we had been using.

4. You may have noticed in our reports that the last few months have shown a great use of our equipment for loan. These items and their non-print materials seem to be becoming more and more popular.

5. A "Books to People" type project was tried by us this month. This is where a number of books are signed out to a group and they can loan the material in turn to persons at their meeting. This was a set of items on Ecology.
6. Artist for the month of December is Marjorie DiSalvio.

7. Mrs. Børlen has been doing a great deal of work on the publicity notebook. It is coming along nicely and it will not be too long before it is completed.

8. The Friends open house on Dec. 8 served about 20 persons. Special events are planned for the Dec. 15 program.

9. Last Spring Mrs. McFee asked me to help her locate someone who could laminate in plastic four pages of the April 17 & 19, 1865 Rochester Daily Democrat newspaper. It was her idea at that time that the library should have these for its collection. Recently we checked into their location and now they are in our large map file. They are available for your inspection.

10. As part of the Sesqui-centennial the Garden Club will hold a contest to select a town tree and flower. They have asked us to place one of their ballot boxes for voting on this in the library. As this seemed to be in line with our display policy I said we could do it and will also set up a small display around it picturing the flowers and trees that are to be voted on.

OTHER:
1. The "Friends" Open House on December 15 was attended by many and was very successful.
The slide projector that was donated to the library by the Friends is most
appreciated.

2. The Xerox copier has been returned as of Dec. 29, and has already, with no
publicity, made about 364 copies in only 2 weeks.

3. Please take note that the "Friends" program scheduled for Jan. 18 has been
cancelled, and will be re-scheduled for February. Also, the Hobby Show has been
changed from March 4 & 5 to the weekend of the 11 & 12th.
4. Also, in Jan. - The Chili Garden Club is having a vote on a Chili Tree and Flower. A table has been set up in the library for this voting on January 13 and 14. Registration for story hours is under way with about 43 children registered in the first 3 days. The noon-time "Listening Lunches" book reviews will be held Jan. 20.

5. The Sesqui-Centennial committee will be setting up a number of displays in the library for the sesqui-centennial celebration. Mr. Thomas Morrow, Town Board liaison to the committee, has mentioned that the committee will try to feature a "theme" each week, such as a "Schools" week or "Clifton" week, "Library Week", etc.

6. The "Friends" will be holding a Local History contest for school children from K-6, and grades 7-12, beginning now and ending the weekend of March 18. The children may make any kind of project, such as a picture story, diorama, slide story, models, etc. and prizes will be given for the best ones; some of these will be on display in the library and the Friends will use some for their slide project.

    Of course, normal display policy and procedures will be observed for both this project and the Sesqui-centennial exhibits.

7. Some physical changes were made recently. An easel was purchased for the Community Calendar which is now placed in the entrance-way. A section of tall shelving was moved from the back to the magazine section to better house our current magazine subscriptions. Magazines in the back were re-arranged by frequency of use and size in order to make better use of the remaining shelves.

    The large map file was moved into the library on the top of the two vertical file cabinets. This will give greater access to the public for the materials housed in it.

8. Artist for the month of January is Helen Chudyk.
