DIRECTOR’S REPORT:

Representatives from MCLS will travel to Albany on February 25 to lobby for increased funding from the State Legislature. Anyone who wishes to go should contact Dottie. There will also be a postcard campaign to area legislators this year.

To celebrate the town’s 175th Anniversary there will be a reenactment of early Chili history on April 5 at the Roberts Weslyan cultural Life Center. There will also be a parade on the morning of July 19 (during Chil-E Fest). The 175th committee would like the library to do something special during the celebration--perhaps a children’s play?

Dottie would like to thank Jim Lechner and Randy Allen for all the help they gave her with the furnace problems, and Jim for help with the front door repair. The hardware on the front door needs to be repaired/replaced. Dottie has gotten bids, the lowest being $275 from Flower City Glass. A motion was made by Jim Lechner, second by Randy Allen that we approve $275+ to repair the door, and if it is not repairable, that all the vendors be re-contacted for replacement quotes with a phone-vote approval by the board. This motion carried.

COMMITTEE & OFFICER’S REPORTS AND RECOMMENDATIONS:
There will be a Friends Newsletter sent out prior to the April 1, 7:30 p.m. program (Jay Stetzer).

OLD BUSINESS:
Dottie and Pat met with Mike Boychuk (auditor) and Dianne Moore on Friday about the budget. One thing they discussed was keeping track of every order as it is placed. Pat & Dottie will come back to us next meeting with information on what steps will be taken to track the budget in a more efficient manner.

The low bid ($15,000+)on the new furnace was submitted by Postler & Jaeckel. The furnace is on order and should be here in approximately six weeks. Although sensors were installed by Leo Roth to fix the heating problem in the back room, they have submitted no paperwork. EDS has done any repairs that have been necessary on the furnace in the past few weeks. A motion to cancel the maintenance contract with Leo Roth due to quality concerns and lack of cooperation with the customer (the library) was made by Jim Lechner, seconded by Randy Allen, carried. Randy will call Joe Carr to check on what must be done to put this motion into practice.
NEW BUSINESS:
Sue Swanton of the Gates Public Library is submitting an Electronic Doorway Library Services Demonstration Project grant application which will include the Gates Public Library, Chili Public Library, Gates-Chili High School, and Rochester Free-Net for free equipment. This involves no financial commitment on our part.

This is the last year that New York State will offer LSCA Title II construction funds. The deadline is April 17, 1997.

Jim Lechner suggested that the Board write a letter to Bill Kelly with a copy to Joe Carr’s file thanking him for his (Joe’s) work on the furnace. Randy will take care of this.

There were no reports/comments from Mr. Powers.

Jerry Brixner wanted to know from us who EDS is. Jim Lechner explained they are an HVAC mechanical contractor. Jerry asked if we had seen the letters he had written praising the management and staff of the library (we have, and thanked him).

The staff is taking advantage of computer training classes which are geared toward library assistants. There are 10 classes, and 8 people taking part. We are paying 1/2 prices ($970) for early registration. They are also taking part in some teleconferencing classes which meet once a month for three months.

Dottie gave us information about the MCLS System Services Listserv, which will be used for internal communication for sharing ideas and concerns, give suggestions, and ask questions about system services.

The Electronic Doorway Library Services Aid grant application has been submitted. Gates-Chili High School library has dropped out of this project.

The furnace replacement is projected to take place the week of March 24. Joe Carr will know the week before when it will happen and keep us informed.

**COMMITTEE & OFFICER'S REPORTS AND RECOMMENDATIONS:**
John Collins reported on the most recent Trustee Council meeting. The trustees will be lobbying February 24 and 25 in Albany. The Council is looking for hosts for the upcoming quadrant meetings in April. Dottie will find out if there is a night that the meeting room is available for this. He told us that there is MCLS governance committee to make sure all is equitable between the county/city funds for the library (75% county, 25% other). There was some discussion about the financial imbalance and the inter-library loan imbalance that seems to be going on. There are some libraries (Gates mostly) who feel that they are not serving their taxpayers by sending their materials out to other libraries who don’t have as much. There was also discussion about whether we should be spending money on books or technology.

The Friends will be hosting a program on April 1 featuring Jay Stetzer. There will be a newsletter out soon.

Randy reported that he had been to two meetings about the new building construction. The hearing on Saturday was very civil. The lawyer representing the homeowner involved stated that the property is for sale. Jim Powers explained that condemnation proceedings are to come up with an agreeable price to both parties. There will be public hearings on this matter on February 26 and March 1. Mr. Powers urged us to come. He also told us that we now have a grants person. Jeannie Austin met with her and gave her information on the LSCA grant. We discussed the plans/drawings of the building presented by Sear Brown. We all agree that the concept is great, but we need to see inside concept because of space. We would also like to see a little different design than has been presented.

**OLD BUSINESS:**
Dottie informed us that we will be evaluating the line items from the budget in April. Dianne Moore will try to accommodate us.
NEW BUSINESS:
There was no new business.

REPORTS/COMMENTS FROM TOWN BOARD LIAISON:
These comments were reported under the new building construction report.

Randy thanked Jerry Brixner for the letter to the editor about executive session since it gave us a lot of information we didn’t have. Jerry also asked if there were going to be public hearings about the land acquisition/new building. He also indicated that he had signed up to work on two committees for the Friends and has not been contacted. He wondered if they were raising funds for the new library. Dorothy Borgus asked what the Friends’ money goes to and what are they doing. Bea Wilcox said they should try to raise funds now to help with a new library.

We will be pooling money with other town libraries to have a community wide survey. Dottie will keep us posted as to where the additional money would come from if the cost was above the beginning pool.

NEXT MEETING MAY 20, 1997
7:00 A. M.

BOARD OF TRUSTEES
MAY 20, 1997

Call to order 7:03 a.m.

PRESENT: Randy Allen, John Collins, Rilla Crothers, Dave Harris, Megan Neumann, Dottie Pompa, Gary Squires. Liaison Jim Powers.

MINUTES of the April 22, 1997 meeting were approved.

ABSTRACT OF BILLS, FINE AND PAYROLL RECORDS: Motion to approve Abstract #14, dated May 20 1997, for $4,682.64 by Gary Squires, second by Megan Neumann, carried.

COMMUNICATIONS:
Dottie has information about a state wide task force that is looking at the imbalances of services of libraries. Different libraries have different levels of support, and some librarians believe that fees should be charged to those who use their libraries, but who aren't part of their support system.

Dottie received an invitation for the board members for the ribbon-cutting ceremony for the new downtown library on May 27, at 10:00 a.m.

DIRECTOR’S REPORT:
Dottie is trying to work out how to hook up our LAN and connect to the MCLS.

Dottie spoke about the Town Library Service Project. Each public library is required by the state to poll both users and non-users on how their library is performing. It is basically to evaluate each library’s value to both users and non-users. The MCLS libraries have decided to work together on this. They hope to use money allocated in the MCLS budget, but pay for it over two years (97-98) to spread the cost out. The survey design will be done professionally.

Dottie has gathered materials selection policies from several libraries. All the Chili librarians will be working on rewriting our policy.

The information in Dottie’s files on how discretionary funds (the Memorial, or Gift Fund) are to be spent showed no definitive answer. The only guideline was that the money was to be spent on items that were not able to be covered by the operating budget. The Long Range Planning committee will look over this, and try to come up with some definitive guideline.
Dave Harris and Dottie will attend a workshop on June 14 at the Henrietta Library on Media/Crisis Communication.

There will be a tour of the new Bausch & Lomb Public Library building on June 19 from 7-8 p.m. Mr. Kelly will be attending.

We are compiling a materials safety data report for the town.

**COMMITTEE & OFFICER’S REPORTS AND RECOMMENDATIONS:**
Judith Kharbas, president of the Friends of the Chili Public Library, joined us to report on proposed activities to “get out the vote” for the new Library/Town Hall in June. They will be writing letters to the editor of the local newspapers. Postcard will be sent to registered borrowers of the library who have used the library in the last 12-18 months. There will be flyers posted in area businesses, and maybe placed in doorways of homes (depending on the number of volunteers). There will be an ad placed in at least the Gates-Chili News. Bookmarks with information about our library as compared to others of towns our size will be handed out to every borrower. They are hoping to have people speak at local organization meetings. Lawn signs have been proposed. And last but not least, they are hoping to have volunteers drive people to the polls.

John had nothing to report from the Trustee Council because he had not yet received the minutes of the meeting.

**OLD BUSINESS:**
The discussion/decision on the Contributor’s Wall at the new downtown library was tabled.

**NEW BUSINESS:**
There has been a request by a staff member to use a portion of her sick time (up to 80 hours) because her husband is having surgery and may need her care. After a lengthy discussion, and review of our policy, a motion by Randy Allen, second by Rilla Crothers, that all vacation time would be used, or unpaid time, but not sick time since she is not ill, was carried.
REPORTS/COMMENTS FROM TOWN BOARD LIAISON:
After the positive discussion at the workshop meeting on the new library/town hall, Mr. Powers anticipates a unanimous vote by the board to go ahead with the project. The hoped for date of the bond vote will be June 26-27.

ADJOURN: A motion by Randy Allen, second by John Collins was approved 8:06 a.m.

DIRECTOR’S REPORT:
Dottie has collected information about other libraries’ selection policies. We have received more complaints about R-rated videos. Dottie and the librarians will be working on a revised policy soon.

The Material Safety Data Sheets have been completed. There will be a safety expert coming in to go over them and train the staff, probably at the August staff meeting.

The Gates-Chili News will be doing a special issue on July 9th to commemorate the 175th anniversary. Dottie will be writing a short library history for this.

Dave Harris and the staff are working on the library’s entry in the 175th parade.

COMMITTEE & OFFICER’S REPORTS AND RECOMMENDATIONS:
The Friends have placed ads in the Gates-Chili News, the Suburban News and the Community News supporting the Bond Issue. They have also sent 5,125 postcards, at a cost of $1,025, to users of the Chili Library. Judith Kharbas, Pat Tindale, and Cathy Wahl worked on a data base provided by MCLS. There is also a display in the library foyer, and bookmarks have been given out listing the polling places. All members of the Friends group were called about voting. The Friends spent just under $1500 in their effort for the passage of the Bond. We
agreed that there should be an acknowledgment from the Library Board to the Friends in praise of their support and efforts. 
The Book Sale will be held July 24, 25, 26 in either a store front in Chili-Paul Plaza or at the Fire House Pavilion. After scouting other book sales those running the book sale have decided to change the price structure.

The Long-Range Planning Committee will meet June 26 at 10:00 a.m.

Dottie attended the Media/Crisis Communication workshop at the Henrietta Public Library on June 14. She said two of the most important things she learned are never say you have No Comment, and never say more that they ask for.

OLD BUSINESS:
The Friends have approved giving $100 towards the Rundel Contributor's Wall. The staff will be asked for donations, and the Board Members will make up the rest of the $300.

NEW BUSINESS:
John Collins, Jim Lechner, Dottie and one staff member will comprise the 1998 Budget and Salary Schedule Committee.

Randy will look over the director’s evaluation form to see if it needs to be changed or fine-tuned.

Dottie received a quotation from IKON for a maintenance contract for all wok stations, monitors, and printers for $1007. If she commits to the contract by the end of June we will receive a 10% discount ($906.30). A motion to purchase a maintenance contract for not more than $1000 for one year was made by Randy, second by John, carried.

We agreed that a letter should be sent to the Wegman family on behalf of the Library Board, the Friends, and the library staff, thanking them for the donation of the land for the new town hall/library.
REPORTS/COMMENTS FROM TOWN BOARD LIAISON:
Mr. Powers wanted to remind us that the budget will be coming up quickly, and that when it is estimated it should include moneys for moving into the new library (assuming the bond passes).

(Aside: Dottie said that she likes these early morning meetings, that she’s getting used to them. Jim Lechner asked that this be placed in the minutes.)

Dottie read the letter written to all the volunteers who helped with the positive vote from Randy which was read the night of the vote to all present and celebrating.

DIRECTOR'S REPORT:
Dot spoke to us about the Federal Communications Act which could affect all public, private and public school libraries. It encompasses $2.25 billion, which libraries need to apply for. In order to do this a technology plan is needed. It is a very complicated, and similar to a program in New York State which is on the shelf at this time.

Dottie reported about the positive responses to the successful referendum (letters, cards, flowers). She will be sending thank-you notes.
We currently have a 1902 Plat Book of Monroe County in our Local History section. A new one has been donated by Catherine Sickles, which included portraits. This book is worth $5,000, necessary repairs will cost $375. Marilyn Terpening is working with Ms. Sickles doing an oral history.

The Friends business has been discussed elsewhere.

The Long-Range Planning meeting has been rescheduled.

Dave Harris (Sparky the Dalmatian) reported that the 175th parade was well done and well organized. It lasted one and a half hours. Dave’s clients provided the costumes for the Friends “float” in the parade, and wore them in the parade. Kudos to Dave for his involvement.

Governor Pataki, Senate Majority Leader Bruno and Speaker of the Assembly Silver were sent a letter asking for the support for additional aid for libraries and the electronic doorway.

DIRECTOR'S REPORT:
Dottie reported that the State plan for the Telecommunications Act (Universal Services) had been shelved.  The Federal plan has been worked on, and all the member libraries are looking to MCLS for guidance in this attempt to cut costs for those libraries who can’t afford much.
The member library contract with MCLS expires in December 1997. Dottie is on the committee to review this contract and doesn’t expect big changes from the current contract.

Dick Panz is visiting all libraries in the county, talking about the MCLS contract (among other things). He spent two hours with Dottie.

Dottie reported that she is currently working with a young lady who has to perform many hours of community service.

The minutes of the August 1 staff meeting are in our folders

Jeanne and Sean are researching security systems for the new library. They have visited and spoken to people in other libraries, and have discovered lots of snags. There was much discussion about how much of this we should do now and what might be covered in the bond issue for the new building.

Dottie has re-ordered 10,000 library cards. This is the first order since 1986.

Dottie wanted us to be aware that the president of the Gates Library Board had contacted her about a publication called the Spotlight that a gentleman complained was not carried by the Gates Library (Sue Swanton was on vacation). Dottie indicated that this man had been here and to Brighton about the same issue and had threatened a staff member there.

Michael has been called by the Greece School District regarding a position there.

COMMITTEE & OFFICER'S REPORTS AND RECOMMENDATIONS:
The Friends Book Sale was quite successful. The Friends Board is discussing when and where to hold the sale next year. They do not want to ask Bernie Iacovangelo for space again (he has graciously given space for the past three years). As a thank-you to him for his help he was given a framed picture of the Cobblestone School painted by Mary Eggleston. Gift certificates were given to the book sale co-chairmen for all their work. The Friends fall program will be a visiting author in conjunction with the 35th anniversary of the library.

The Long-Range Planning committee has discovered that the Memorial/Gift Fund does not have non-profit status. All that needs to be done to change this is to send a letter to the State Education Department signed by all board members to amend the charter.

The Budget Committee has been meeting. John indicated that the budget has to be submitted to Bill Kelly by Friday at 5:00 p.m.

OLD BUSINESS:

COMMITTEE & OFFICER’S REPORTS AND RECOMMENDATIONS:
The Friends Annual Meeting and program featuring Susan Wojciechowski was a great success. The program was very well done. All current Executive Board members were re-elected. Because of some concern about the level of Dottie’s involvement with the Friends’ Board, especially in light of the upcoming construction, Randy will contact Judith regarding Dottie’s involvement.

We have a copy of the 1997 accomplishments put out by the Long Range Planning committee. They had a good meeting.

DIRECTOR’S REPORT: The town has changed the benefits for medical/dental insurance. The town/library covers full-time staff for both medical/dental, 50% for over 20 hours, not yet 40 hours. Dianne Moore spoke to the staff about the changes. Because of the people eligible, and those taking advantage of this, it should cost us about $20,000. We have $22,600 in our line item.

The Central Library dedication ceremony will be held at 10:00 a.m. on November 25.

We are in compliance for the State requirements for minimum standards. A survey of users and non-users is required, and the system has hired Gordon Black to do this in March with results in May.
COMMITTEE & OFFICER'S REPORTS AND RECOMMENDATIONS:
The Long-Range Planning Committee (Jim, Rilla, Jeanne, Dot) would like input on the draft of the Long-Range Plan by Friday, December 5.

John reported on the Trustee Council meeting. He said much of the discussion was about the MCLS contract and the imbalance of sharing of books throughout the system. Some libraries are looking for a plus-use-reward for those who send more out. The other problem area seems to be full inclusion of all materials in the hold/sharing system. He also brought a packet that was handed out about how to recruit, train, etc., library board members. The postcard campaign was also discussed.

Jim reported on the Master Plan committee, on which he represents both the library and the fire department. He indicated that the committee is very pro-active. Several of the section pertaining to the library will be re-written, or dramatically amended.

OLD BUSINESS:
We have all signed a petition to the board of regents asking them to grant us 501(c)(3) (tax exempt) status. Vangie Morrow graciously attended the meeting in order to notarize our signatures.

NEW BUSINESS:
Dottie has the MCLS Contract for Randy to sign. It is due back to MCLS by December 31, 1997.

The Universal Service Discount Program/MCLS Technology Plan is a federal program to bring libraries who don't have the resources up to snuff. It discounts telecommunication costs. You have to have a technology plan in place in order to take part in this. We approved, by consensus, adapting the MCLS Technology Plan.

The Gates Library has requested that we participate in a grant application for $10-30,000, in conjunction with the town historians, for equipment and training for preservation of town records and archives. We agreed, by consensus, to participate.

We received a letter from Barbara Moore, Net Results, offering her services to set up our LAN for $85 an hour. She has worked with other libraries.

DIRECTOR’S REPORT:
There are no updated drawings for the new library, but they have a memo as a follow-up to our meeting. We will have more information after the first of the year. We do have a site plan to post for the public. Joe Carr has given us a chart schedule, at Jim Lechner’s request.
The minutes of the November 3 circulation desk meeting is in our packets.

The minute of the November 5 staff meeting minutes is in our packets.

Knight-Ridder has sold the CARL system to MAID. Seventeen people want to purchase the system. Dottie will keep us updated.

Dottie reported that there will be a special meeting for librarians on January 7th at MCLS to get help in filling out the very complicated application for the Universal Service Program.

COMMITTEE & OFFICER'S REPORTS AND RECOMMENDATIONS:
Judith Kharbus reported that the Friends will have a Board Meeting at the end of January to discuss fund raising for the new building. We discussed this at great length because at this point, no one know what is included in the bid, and what the Friends ought to target their fund raising for. Hopefully this information should be available mid-January. Jim Powers will ask the Town Board at what level they think we should target this fund raising. He will also ask the Town Board, at our request, if some should donate money to the library for something that’s in the bid, would the money (in bid) stay in the library for use for something else? He also indicated that it would be acceptable for Dottie and Randy to meet with Chip Stevens. Dottie will set up a meeting.

A motion by Megan, second by Randy to adopt the Long-Range Plan as submitted by the Long Range Plan committee, carried.

The budget/salary committee reported on the increase in salaries for 1998. They have tried to bring salaries/wages up to the median for equal libraries, although in some cases we are still below that. If all the hours are worked the increases would amount to $5000, but generally all the hours aren’t worked. A motion by Randy, second by Megan, to approved the increase in salaries/wages carried.
OLD BUSINESS:
The Long-Range Plan was discussed under Committee & Officer’s Reports and Recommendations.

NEW BUSINESS:
